

Water Quality Samplers and Physical Oceanographers

A.I.S., Inc. is currently accepting resumes to meet the staffing needs of a number of potential projects in the Gulf of Mexico. We are currently seeking candidates with demonstrated experience conducting environmental sampling and data collection aboard NOAA research or other ocean going vessels. Successful candidates will possess a minimum of three years practical **experience** in the field of physical oceanography. Experience using and deploying a variety of vertical profile sampling instrumentation such as CTD, niskin bottle cast, doppler profilers are preferred. Deployments will vary in length from a few days to several weeks and will be staged along the Gulf Coast from Louisiana to Florida. The positions filled for this endeavor will be full-time and pay will be commensurate with experience. Interested candidates are encouraged to learn more about A.I.S., Inc by visiting the website at www.aisobservers.com. In addition please email a current resume and cover letter to: 55626@aisobservers.hrmdirect.com.
